

State License/Certification Disclosure

In compliance with 34 CFR 668.43, Bryan University has made a reasonable effort to determine graduate eligibility for licensure or certification in all states for programs which can lead to licensure or certification. The chart below lists states where the curriculum meets licensure /certification requirements, states where the curriculum does not meet licensure/certification requirements, and states in which Bryan University has been unable to determine if the curriculum meets state licensure certification requirements. All consumers should be advised that due to the frequent changes to state statutes, rules, and regulations, Bryan University cannot guarantee licensure or certification based on the list.
