

Bryan University Transfer Credit Policy

Bryan University offers generous transfer credit policies. An official credit evaluation is completed for students as part of the application process as soon as students submit unofficial or official transcripts, along with the transcript evaluation request form, to their admissions representative. Please note that a final list of approved transfer credits cannot be completed until official transcripts have been received by the university. Courses with a grade of "C" or higher are generally transferable if the cumulative GPA of course work is a 2.0 or higher and if the course objective and rigor align with those set by Bryan University. All accepted transfer credit counts towards satisfactory academic progress.

Credits can only be approved for college-level courses from an accredited institution and must meet requirements of the degree program in which the student is pursuing. Official transcripts should be submitted to an admissions representative or to the Office of the Registrar. The university may accept up to 70% of required program credits toward an undergraduate degree, certificate, or associate degree. A majority of the credit must be completed at Bryan University for graduate degrees.

Requests for transfer credits should be submitted during the enrollment process through the first module of attendance. Requests submitted after this time are considered on a case by case basis. All requests must be submitted before the first day of a class in which the student is petitioning for transfer credits. Requests submitted after the student has started a class cannot be considered. Transferable credits must have been earned prior to the date of enrollment, with the exception of CLEP, and may not be considered if more than ten (10) years old.

Additional details such as a course catalog or official syllabus may be needed to finalize the evaluation process. All accepted transfer credits are applied toward satisfactory academic progress.

Additional transfer of credits policy information can be found in the catalog

Prior Learning Transfer Credit

Bryan University recognizes that knowledge gained outside of a classroom may be relevant to your certificate or degree program. Learning experiences that resulted in achievement of industry-recognized, third-party certificates may be evaluated for course credit. Below is a list of some of the industry-recognized certifications that we have accepted in the past. For credit to be considered, you must submit a copy of your earned certificate to either admissions or the registrar, who will, in turn, pass along your supporting evidence to the program director for credit consideration. A student may only receive a maximum of 20% of the credits available in the program as experiential learning credit.

International Student Transfer Credit

International students should contact an Admissions Representative for information about transferring credits from an institution outside of the United States.

Veteran/Military Transfer Credit

Transfer credits from regionally or nationally accredited post-secondary institutions, as recognized by the Council for Higher Education Accreditation (CHEA), may be accepted as courses for transfer into undergraduate, graduate degree, and certification programs. The approval of transfer credits is at the sole discretion of Bryan University. Official transcripts must be submitted for evaluation as part of the enrollment process. For Bryan University's 100 percent online programs, active-duty service members may be required to complete up to 30 percent of the program online to satisfy academic residency requirements (up to 25 percent requirement for residential programs). In addition, Bryan transfer credits may be approved for completion of formal military courses as recommended through official transcripts (Army/ACE Registry Transcript System, Community College of Air Force, Sailor/Marine/ACE Registry Transcript, Registry of Credit Recommendations, or National Registry for Training Programs). Credits will be applied as approved by the Office of the Registrar. Credit may also be given for completion of approved examinations, including CLEP, DSST, and ECE as outlined in the ACE guide to Educational Credit by Examination.

Transferability of Bryan University Credits

The transferability of credits and degrees earned at Bryan University is at the sole discretion of the institution to which a student plans to transfer. Students are advised to contact the admissions department at consecutive institutions for information on transferring credits or degrees. A degree, diploma, or certification from Bryan University does not serve as a basis for a higher-level degree at another university.
