

A Medical Billing and Coding Program **Like No Other**

Medical Billing and Coding Undergraduate Certificate

BRYAN UNIVERSITY
FOUNDED 1940

The Medical Billing and Coding Industry is Growing...

Expanding Job Market

With a void of qualified employees¹ and jobs expected to increase by 4% to 7% through the year 2031, the future is bright for students graduating with a certificate in Medical Billing and Coding.

Bryan University can *fast-track* you to success, giving you the education, skills, and confidence to qualify for a great job in less than a year!

Attractive Employment Opportunities

Enjoy the flexibility to choose from a range of career paths, such as³:

- **Certified Medical Biller and Coder** – assign codes to patient records using ICD, CPT, and HCPCS codebooks for different diagnoses and medical procedures for in-patient and out-patient settings
- **Medical Records Technician** – work to organize, monitor, update and maintain healthcare providers' electronic medical records
- **Medical Secretary** – handle patient intake, insurance verification, and medical record creation
- **Medical Office Assistant** – help keep the healthcare organization running smoothly and efficiently by coordinating operations

Preparing now means you'll be ready for the jobs of the future.

Diverse Work Settings

Find yourself working with healthcare organizations such as:

- Hospitals
- Ambulatory Care Settings
- Hospices
- Physician Offices
- Health Information Vendors
- Long-Term Care Facilities
- Insurance Companies
- Behavioral Health Settings
- College Health Settings
- Work from home (with experience)

Gain the Skills Employers Need

In our interactive, cutting-edge online classrooms, your courses will cover:

- Medical terminology, anatomy & physiology, pathology, and pharmacology
- The United States healthcare system organization and delivery, including healthcare information systems
- Components of the healthcare record; how it is created, stored, and protected
- Translation of diagnoses, conditions, and procedures into medical codes using a variety of standard formats, including ICD, CPT, and HCPCS
- Ability to code electronic health records (EHR)
- Healthcare insurance and reimbursement

The cost for the Certified Coding Associate (CCA) through AHIMA is included in the program tuition, along with all your books and courseware!

Gain Real-World Experiences so You're Job-Ready

Bryan University's Medical Billing and Coding program was developed based on current competencies outlined by AHIMA and students fully utilize the AHIMA Virtual Lab (Vlab). This lab gives you real-world experience with industry technologies and software applications that employers actually use in the workplace such as:

- **EHR Go:** learn from real-world patient cases while honing your skills in electronic health records technology
- **3M Coding & Reimbursement:** gain practical experience using the world's most popular coding software

Support You Need, When You Need It

At Bryan, we don't think learning online means learning alone. Connect with faculty, peers, and student support conveniently from your smart phone, tablet, or computer using Zoom, a user-friendly video app. You'll join a vibrant community who will provide support and celebrate your success along the way. You'll not only develop friends and colleagues, but you'll also build a professional network—for life.

Earn While You Learn: Dual Enrollment Available

You can enroll in the Medical Billing and Coding Certificate and Associate Degree in Health Information Management concurrently. This means once you complete your certificate, you can get to work sooner while completing your associate degree. Once you complete your associate degree, you may also consider completing the Bryan University Bachelor's Degree in Healthcare Administration.

10 More Reasons to Choose Bryan University

1. Tuition Lock Guarantee.

We lock your tuition rate once you enroll, plus your tuition goes down the longer you're in school. Financial aid available if you qualify.

2. Books, Courseware, and Certifications Included.

We take care of shipping your textbooks and provide you easy access to electronic courseware. We also help you prepare for nationally-recognized certification exams.

3. Focus on Employment.

You'll graduate with a degree targeted for a specific job market and earn skills that match employers' needs.

4. Job Search Assistance.

As a graduate, you'll receive career search services, including job networking best practices, sharpening your interview skills, and creating an eye-catching resume.

5. Learn by Doing.

You'll develop real-world skills by completing simulated job tasks and using industry technologies.

6. Return for Refresher Classes.

As a graduate, you'll have the privilege of auditing previously completed courses still being taught—at no charge—to keep your skills sharp.

7. Accelerated Programs.

You can get started – and finish – fast.

8. Faculty Who Put You First.

Our faculty provide you with personalized, individual attention and support.

9. Welcome Kits Included.

Once you enroll, we provide you a welcome kit package to ensure you're ready to start school.

10. History of Excellence.

We have a 83-year track record of preparing graduates for successful careers since 1940.
