Gain Valuable Skills Employers & Communities Need

As a student of Bryan University's accelerated 13-month online MPH program, you'll learn from credentialed public health faculty with real-world field experience while building the foundational knowledge and skills to become job-ready, including:

- Public health overview & operations
- CDC - 10 Essential Health Services framework
- Public health leadership
- Disease pathogenesis & prevention
- Public health informatics
- Behavioral health
- Health promotion
- Health education
- Global health
- Public health preparedness
- Key public health risks
- Social determinants of health
- Biostatistics for public health
- Program evaluation & measurement
- Epidemiology & intervention programs
- Environmental & occupational health
- Public health improvement & interventions

Valuable Experiences with Certification Options

You'll gain vital practice experience online aligned with the mission of public health by utilizing the CDC - 10 Essential Public Health Services framework, in addition to the following:

- Complete simulated job tasks that are embedded in your coursework to ensure you're job-ready
- Apply your skills in a capstone experience that will give you practice with a comprehensive real-world scenario using project-based learning
- Take the Registered Environmental Health Specialist (REHS) or Certified Health Education Specialist (CHES) Certification - one exam fee included in tuition

Attend from the Comfort of Home - 100% Online

At Bryan University, we believe that becoming job-ready demands a different approach to online education. That's why we built a more innovative, interactive learning environment that is personalized to your needs. You'll receive:

- Live webcam interactions and classes with instructors and experts right from home
- Collaborative networking with peers
- Personalized learning with user-friendly, adaptive online format and tech support if needed
- Performance reports to help you track your progress and stay on top
- Timely, targeted coaching and tutoring to help you learn faster and retain more
- Option to re-submit your homework to improve your grades

Connect with an Online Community to Expand Your Professional Network

At Bryan, we don't think learning online means learning alone. Connect with faculty, peers, and student support conveniently from your smart phone, tablet, or computer using Zoom, a user-friendly video app. You'll join a vibrant community who will provide support and celebrate your success along the way. You'll not only develop friends and colleagues, but you'll also build a professional network—for life.

10 More Reasons to Choose Bryan University

1. Tuition Lock Guarantee.
